

ANDREA HAGNAUER

Growing up in the Sarganserland, I later moved to the beautiful Valais to trace my roots.

Home is where our heart is, and after some time, I returned, this time to the canton of Graubünden, because of love.

Now, I work part-time at the reception of Chiropraktik Bad Ragaz AG. Since interacting with people means a lot to me, I feel very comfortable and at ease in the practice.

In my free time, I recharge in nature and let my thoughts wander while writing.

In addition to my main job, I also work as a death and grief counselor.
