

GITTA MARFURT

After completing my high school diploma, I worked for more than 20 years in the hospitality and tourism industry, as I have always enjoyed connecting with people. During that time, I had the opportunity to discover many beautiful places in Switzerland and meet wonderful people.

Together with my husband and our four children, I moved back to Bad Ragaz, where I grew up and have strong roots. After taking time off to raise my children, I returned to the tourism industry while also volunteering with various local organizations.

In my free time, I enjoy skiing, listening to music, playing the piano, and spending time with friends.

I wanted to work more closely with people, which is why I am delighted to be part of the team at Chiropractic Bad Ragaz, where people are truly valued and their well-being is the highest priority.
